

# NCA Coordinator To Be Here Wed.

By Elaine Melchert

Dr. Paul G. Jensen, coordinator for the North Central Association, will be on campus next Wednesday to discuss the study project on the Wartburg student.

Last year a faculty committee began a study project on "Comprehensive Study of the Wartburg Student" in conjunction with the NCA study on liberal arts education.

## Many Discussions Set

Dr. Jensen, who is head of the Psychology Department at Macalester College, St. Paul, will meet with Pres. C. H. Becker; student groups; dean of students; dean of faculty; chairman of the study project, Dr. Wilmut Fruehling; and the study committee during the day.

At 6:45 p.m. Dr. Jensen is scheduled to speak to the faculty in Centennial Lounge. A coordinator carries ideas from one college to another and helps with problems and how to deal with them.

The data collected for the project has been processed at the Computer Center in Iowa City. This center also processes such data as the American

College Testing program and the Iowa Testing program.

## Booklet May Result

Presently the committee is working up tables for the assimilation of the data into readable form so that it can be interpreted, duplicated or formed into a booklet, according to Dr. Fruehling, head of the Psychology Department.

Serving on the study committee for this year are Pastor Robert Dell, Christianity Department; Dr. Maxwell Park, Psychology Department; Fred Thompson, Admissions Director; Earnest Oppermann, dean of students; August Baetke, Sociology Department; and Dr. Fruehling. President Becker and Dean of Faculty John O. Chellevoid are ex officio members.

## Jensen From Luther

Dr. Jensen received his undergraduate degree from Luther College and his master's degree in psychology from the University of Minnesota. He served as director of a liberal arts workshop in Minnesota during the past summer.

The North Central Association is a cooperative organization of 72 schools designed to help institutions improve various aspects of their educational programs.

# The Wartburg Trumpet

VOICE OF THE KNIGHTS

Volume 55 Wartburg College, Waverly, Iowa, Saturday, February 3, 1962 Number 16

## New Dorm Name Worth \$10

Need an extra \$10?

It's simple. It's easy. All it takes is a name for the new girls' dorm now under construction.

Deadline for the contest, which is being sponsored by the Trumpet under the authorization of Pres. C. H. Becker, is April 1.

## Entries Need Signature

Entries must be turned in to the Trumpet office or addressed to the Trumpet and turned in to the campus post office. All entries must be signed to be eligible for the \$10 prize, and the limit is two per person.

In case of duplication the person with the earliest entry will receive the prize. Judging will be done by the Executive Committee of the Board of Regents. All faculty and staff members as well as students are eligible to enter with the exception of those staff members on the Executive Committee.

## Dedication Next Fall

The new dorm, now in its final stages of building, will not be dedicated until next year, either at the beginning of the school year or at Homecoming. The President's Cabinet will decide on the date.

In effect, the dorm will be a separate unit although it is con-

nected to Centennial Hall, says Business Manager H. C. Engelbrecht. The new dorm has its own heating plant, its own electric lines and its own lounge, recreation room and laundry room.

## New Dorm Like Others

Much of the new dorm will be patterned along the lines of the other two wings with the same type of equipment. One of the

features is a sunken lounge with wood paneling and Danish modern furniture. Surrounding the lounge on three sides will be a wrought iron railing, and there will be a planter on one end.

Engelbrecht said that progress on the dorm was coming along well but that some minor things were holding construction up at times.

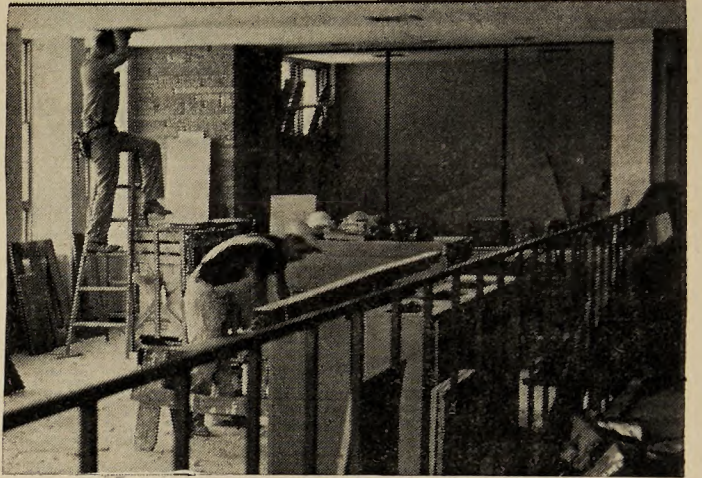

Photo by Myron Schober

CAN YOU MAKE a name out of this maze of materials? It might be worth \$10 to you. The workmen above are busily engaged in the new dorm's sunken lounge.

## Brubeck Quartet Booked

Dave Brubeck Quartet has been booked for the Spring Pops Concert Mar. 13.

Jim Ward and Terry Schneider, co-chairmen, announced that tickets will go on sale the latter part of next week. The cost will be \$2.25, the increase due to the cost of putting the concert on.

These tickets will be available to students only for the first few days and sales will

then be open to the public as well.

The Four Freshmen actually won in the popular vote of the student body. However, the only dates the group was available conflicted with the Prom, spring vacation or semester exams.

The Four Preps were also contacted, but after accepting, they informed the committee that they would be unable to come.

## MODERN ADAPTATION OF SOPHOCLES' PLAY

# 'Antigone' Opens Wednesday

By Lynda Huntley

"Antigone," an ancient Greek play by Sophocles, adapted for the modern stage by Lewis Galantiere from the French version by Jean Anouilh, will be presented Wednesday, Thursday and Friday nights by the Wartburg Theatre.

Curtain time for Wartburg's second major play production will be 8 p.m. in the Chapel-auditorium.

## "Antigone" Old Story

Tales of Antigone, daughter of King Oedipus of Thebes, were already being told by Greeks when Sophocles began writing tragedies 2,400 years ago. Portraying the famous girl in the Wartburg production will be sophomore Judy Nimtz.

The story of Antigone is in three parts, the original and the modern-day play taken from the last episode.

The first section, in which King Oedipus unknowingly kills his father and marries his mother, and the second section, in which Antigone's brothers kill each other in combat over their father's throne, set the tone for "Antigone" in its present form.

## Creon Controls Plot

The simple plot of the play revolves around Creon, newly crowned king of Thebes, played by Don Ehlers; Creon's son Haemon, portrayed by Don Hughes; and the main character, Antigone.

An inhuman edict issued by Creon declaring that anyone attempting to bury Polynices,

one of the dead sons of Oedipus, will be put to death, arouses Antigone. She revolts, heaps earth upon the dishonored corpse of her brother and is unfortunately caught.

## Anouilh Protests Nazis

Because "Antigone" involves much tyranny and opposition to dictatorial rule, M. Jean Anouilh in his French production used the play as a protest against the Nazi invasion of France in 1943.

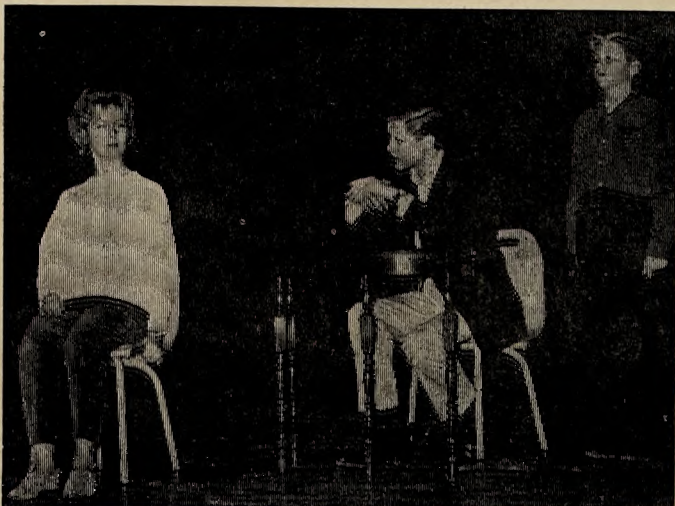

Changing this version into English and dressing his characters in formal attire was later accomplished by Lewis Galantiere. Even in its present form, however, the drama portrays Creon as a most persuasive

dictator presenting his arguments eloquently to those under his strong rule.

## Characters Include Boy

As all Greek tragedies, "Antigone" has its chorus, played by Dan Diekhoff. Others in the play are the nurse, Kathryn Koob; Ismene, Sharyn Purcell; a messenger, Ken Weiss; Eurydice, Joyce Bethke; 3 guards, Al Sandau, Randy Marsh, Dick Weigel; and a page, played by Mark Larson, son of Robert Larson of the Wartburg Music Department.

Director of the play is the head of the Drama Department, John Gill. Students and faculty may use their activity tickets for admission to the play.

CREON (DON EHLERS) appears displeased with Antigone (Judy Nimtz) in rehearsals for "Antigone" to be presented three nights next week.

## SEW Scheduled Feb. 18-22

By Lois Piotter

Spiritual Emphasis Week has been planned for the week of February 18-22.

Dr. Theodore Krodel, instructor of the New Testament at Wartburg Seminary, Dubuque, will preach at the Sunday service Feb. 18. The rest of the

week Robert Bryant of the University of Texas will be the principle speaker at convocations, evening chapel services and informal group discussions.

## Three Convos Top Week

Three convos will be held with the first one on Monday. "No Exit," a one-act play written by Jean-Paul Sartre, will be presented by the Wartburg Players. This play attempts to describe the issues of everyday human existence on a rather deep and comprehensive level.

Mr. Sartre is a French existentialist philosopher and a non-Christian. Chaplain Herman Diers encourages students to read the play beforehand to get a deeper meaning out of the actual production.

Bryant comes from a unique community associated with the University of Texas in Austin. This community is composed of college students who for a year or more live in this community stressing the importance of including one's religion in

everyday living.

August Baetke, head of the Sociology Department, will deliver the sermon at Thursday night's Communion service, the climax of Spiritual Emphasis Week.

The purpose of Spiritual Emphasis Week is two-fold, according to Pastor Diers.

## Inspiration Not Purpose

First of all, the week is not intended to be "inspirational" in the sense that one will come out of this week feeling more religious and a better Christian.

Rather, its purpose is to crack through the superficial and secondary religious practices common to everyone and to face the significant issues in our daily lives, such as how Christian faith can come to grips with issues which pose problems for college students.

Secondly, SEW will stress Wartburg's opportunity—an opportunity to fulfill the goals set up by this special Texas community.

## Missionary From Ethiopia Coming Here Next Week

Missionary Herb Schaefer, Director of the American Lutheran Mission in Ethiopia, will be on campus next week.

Pastor Schaefer will speak for both services in chapel Wednesday. Wednesday night at 7:30 he will lecture in the Clinton Hall Lounge and show a film about the mission field.

## Interviews Possible

Pastor Schaefer will have lunch with the faculty on Thursday and will be available for private interviews Thursday afternoon from 1:30 to 3:30 in Fuchs Lounge.

Pastor Schaefer was born in South India of missionary parents. He had his elementary and secondary education in India and came to the United States for B.A. and B.D. degrees from Capital University and an M.A. degree from Hartford Seminary Foundation, Hartford, Conn.

## Ethiopia Calls In 1957

He and his wife went back

to India until 1957 when he accepted a call to the mission field in Ethiopia, Africa. Pastor Schaefer, his wife and three children came back to the United States in July 1961.

Now they reside in the furrough house in Columbus, Ohio. He and his wife spend their time giving speeches on Ethiopia and attending classes at Ohio State University.

## Minstrels To Cavort

Coming—"O' Time Minstrel Show."

Band director Robert E. Lee announced that the Band would sponsor an old-fashioned minstrel show with songs and jokes and the works Feb. 15 and 16 in the Chapel-auditorium. The Band is working on the numbers now, said Lee, with more information forthcoming next week.

# Aid Necessary – Should It Be Federal?

Schools need help. There is no getting around the fact that colleges and universities are becoming overcrowded and need more buildings, laboratories and teachers. But how do you go about improving the nation's schools within the next few years when the needs of America will double? Is federal aid the answer?

Students are presently getting some federal help through the National Defense Education Act, passed in 1958. Students, especially those who plan to go into teaching or research, benefit under this program by being offered a chance to borrow money at low interest to complete their education.

Hardly anybody objects to this federal program. But many do not want to see federal aid go any farther than that because they fear federal control. Most of these objectors to extended federal aid feel that if the government becomes involved by supplying the funds, the government will try to control the schools and what they should teach.

To get some opinion from members of Wartburg's administration several were asked some time ago what they thought about federal aid to education. Their answers are interesting and vary from "no aid" to "aid with some restrictions."

Pres. C. H. Becker — Favors aid as far as student loans, aid for research and loans for buildings. Entirely in favor of National Defense Loans. Points out that Wartburg may ask for federal aid to build the new men's dorms and hopes that a bill will be passed that will allow private schools to borrow for such buildings as Wartburg's future science building.

Business Manager H. C. Engelbrecht — Generally favors aid. Does not fear federal control at all. Says colleges can't build fast enough without federal aid. Feels that since much of the aid is in the form of loans, there is no need to fear control. Says religion should not play a big part because most of the Catholic schools are secondary anyway and says aid should depend on the program, not on whether Jews or Catholics are involved.

Dean of Faculty J. O. Chellevoid — No particular stand. Favors student loans and loans for buildings. Like Becker, hopes funds become available for Science Building. Wants control by individual colleges and doesn't fear federal control too much. Says we have to take care of the expanding student body somehow and soon.

## KNIGHTMARES

### Finals Out, Beards In; S.O.S. Committee Pleas

By Manny Brandt

Well, finals are over, and most of us can start the second semester with a clean slate. I'm a little worried about my roommate, though. Word has it that they're going to carry his 23 convo cuts over into this semester.

I tried to explain how convo is really good for us and that it doesn't help to keep muttering such terms as "forced religion" and "Oppie is . . ." Oh, well!

I've noticed a number of beards on campus recently. I was told that it is a prerequisite for Old Testament Christianity courses. However, I'm not sure this is totally true. One thing we never rely on here at college is hearsay.

For those of you whose taste runs a little above prosaic rock and roll, why not try KWAR? They've just purchased \$1,300 worth of new equipment and are starting to sound like a radio station should.

In case some of you are wondering exactly where KWAR is located, I will say that the school has graciously allotted it the area in and around the costume closets in the Little Theater.

It would appear as if the administration is trying a new education method this semester. So far, every other one of my classes has met in a room with another class of a different department.

Maybe it has something to do with squatters' rights. In any case it will probably be explained to us when we have become more mature.

The big word around the campus lately has been construction. For what it's worth the S.O.S. committee (Save Our Squirrels) has formulated a proposal. Although their main objective is the making of a better life for our furry friends; nevertheless, I feel that the student body would also profit much from this project.

As you all know, this has been a very hard winter for the squirrels here at Wartburg. The cold has driven the darling little fat-cheeked fuzzies into their drab nests. There they sit, matted fur, no berries to eat.

Does no one care? The S.O.S. committee does! They would like our campus covered with a clear plastic dome. Lest scoffers laugh, this has been planned out to the last detail. The down payment for a middle-class dome could be raised by adding one dollar to each student's activity fee.

Special offerings at evening chapel could also be taken. More information concerning the S.O.S. campaign will appear spasmodically in this column.

Warnert for '64.

## The Wartburg Trumpet

Published weekly during the school year. Entered Oct. 15, 1935 and re-entered Sept. 27, 1947, as second class matter at the post office at Waverly, Iowa, under the act of March 3, 1879. Subscription rate—\$3.50. The views expressed in this publication are not necessarily those of the faculty or the administration. Founded in 1906 as the Wartburg Quarterly.

Editor . . . . . Darrell Jobman  
Managing Editor . . . . . Elaine Melchert  
News Editor . . . . . Lois Plotter  
Business Manager . . . . . Lou Schneider  
Photographer . . . . . Myron J. Schober  
Sports Staff . . . . . Paul Mardorf, John Stumme and Curtis Sylvester  
Adviser . . . . . Mrs. Margaret Garland

Dean of Students Earnest Oppermann — Does not favor federal aid but says he is wishy-washy on some programs. Generally favors student loan program. Took advantage of the GI Bill but says he is not sure in his own mind if it was right. Feels it is not the responsibility of taxpayers to provide funds for something like Wartburg's Science Building, since they have already provided state colleges and universities.

"There are areas which federal government should definitely stay out of, and one of them is private education," he says.

Dean of Women Florence Hertlein — No personal opinion at this time.

Kennedy's program was defeated last September in the House of Representatives, 242-169, despite the fact that the bill was considerably watered down from its original intentions. Chances for Congress to pass a similar bill in the near future are dim because of the question over aid to private schools, notably to Catholic schools.

Kennedy did not favor aid to parochial schools, despite the fact that he himself is a Catholic and most of the Catholic hierarchy wanted federal aid to parochial schools. Some thought that he did this only to show that he wasn't controlled by the Pope, as many Protestants feared he would be.

Whatever the reason, the bill failed finally because Kennedy took no really firm stand when the issue came to a vote. He let some close officials talk against the administration program, and the whole bill flopped, thanks to northeastern Catholics, southern Democrats (who have been leery of any federal intervention since the Civil Rights Bill in 1954) and, of course, the Republicans.

This year's proposals have a new twist. If the plan were accepted, the federal government would give each state two per cent of its annual public school expenditures and let the state decide whether the federal funds will be used for public or private schools or both. No changes are planned, however, in last year's defeated college loan and grants bill which is of more interest to Wartburg administrators now.

But something must be done. Students are crowding into colleges more and more, and colleges cannot keep up with the increase because they do not have the funds to construct new buildings or to provide enough well-qualified teachers.

The question is, "Should we let the federal government do it?" The answer right now on the Wartburg campus seems to be a modified "yes" to the administration program so long as colleges are able to administer the funds themselves.

## Africans Struggle For Nationalism

Editor's Note—This is the second in a series of articles on Africans and their quest for independence by Ernest Abajah, sophomore from Kenya, Africa.

By Ernest Abajah  
Nationalism to us Africans means the rebuilding of our nations.

It means the effort to provide equal esteem for our peoples. It means the determination to take the future into our own hands. It is the mainspring of our efforts.

### Alliances Not Wanted

Understand that and you have the key to much of our need and desire. Therefore, anything we ask for in a form of help from any country is not for political or military alliance but for our desire to strive ahead.

I am sure there will be nothing to stop us if we continue at the same pace that we are going at present. Failure to understand this from our point of view will mean that no amount of thinking, no torrent of words, no Niagara of dollars will produce anything but bitterness and disillusionment.

### Views Are Different

We are looking forward to independence and integrity, and you are concerned about alignment. We are concerned about national development and you are worried about defense against Russia.

And until you sympathize and find a way to take account of our basic desires, it is doubtful that you will be able to do much good and change many

African countries from faces east—this is the situation facing France in Algeria, Portugal in Goa and Angola and is what causes upheaval in the Congo today.

### Claims Are Ridiculous

On the other hand, you talk about individual freedom which is opposed to national independence for which we are ready to sacrifice our life. From our experience we have seen, lived and suffered degradation under governments which claim that individual freedom exists in their form of government.

South Africa's claims that its citizens have individual freedom and its accusations that other countries deny freedom to their citizens are ridiculous.

## Worship Tomorrow

Campus Church  
Service: 10 a.m.  
Speaker: Pastor Herman Diers  
Topic: "Man's Precarious Position"

St. Paul's (ALC)  
Services: 8, 9:15, 10:45 a.m.  
Speaker: Pastor W. F. Schmidt  
Topic: "The Statutes of Life"  
St. John's (Missouri)  
Services: 10:30 a.m.  
Speaker: Pastor Harold Roschke  
Topic: "Return to God."

## Symphony Will Play

Wartburg Community Symphony will present its second concert of the year Feb. 11 at 7:30 in the Chapel-auditorium, according to director Robert E. Lee. Soloist will be William Schroeder of the Music Department.

## Peek At The Week

Saturday, Feb. 3  
7:30-10:30 p.m. — Fun Night, Knights Gymnasium  
Sunday, Feb. 4  
9 a.m. — Bible Discussion Group, Room 102, Luther Hall  
10 a.m. — Campus Church, Chapel-auditorium  
11 a.m. — Bible Discussion Groups, Rooms 101 and 102, Luther Hall  
7:30 p.m. — Wartburg Community Symphony, Chapel-auditorium  
Monday, Feb. 5  
6 and 6:40 p.m. — Chapel, Chapel-auditorium, Dave Rasmussen  
7:30 p.m. — Upper Iowa vs. Wartburg, Basketball, there  
Tuesday, Feb. 6  
10 a.m. — Convocation, "Space and Theology," Dr. Clifford Hanson, Chapel-auditorium  
6 and 6:40 p.m. — Chapel, Chapel-auditorium  
7:30 p.m. — BSA meeting, "Careers in Insurance," Warren Fegley, Lutheran Mutual, Wartburg Hall Lounge  
Wednesday, Feb. 7  
7:30-7:50 a.m. — Morning Suffrages, Danforth Chapel  
5:30 p.m. — Bartels Home Visitation, first meeting at the Student Union  
6 and 6:40 p.m. — Chapel, Chapel-auditorium  
6:30 p.m. — County Home Visitation, first meeting at the Student Union  
7:30 p.m. — Mission Fellowship meeting, Dr. Herb Schaefer, guest speaker, Clinton Hall Lounge  
7:30 p.m. — Aviation Club meeting, Audio-visual Room, Library  
8 p.m. — Play, "Antigone," Chapel-auditorium  
Thursday, Feb. 8  
10 a.m. — Convocation, Chapel-auditorium  
6 and 6:40 p.m. — Chapel, Chapel-auditorium, Dean Brockmeier  
8 p.m. — Alpha Chi, Audio-visual Room, Library  
8 p.m. — Play, "Antigone," Chapel-auditorium  
Friday, Feb. 9  
6 and 6:40 p.m. — Chapel, Chapel-auditorium, Paul Wilken  
8 p.m. — Play, "Antigone," Chapel-auditorium

## KWAR SCHEDULE

Program schedules for KWAR are available at the radio office for interested students and faculty.

Monday  
5 p.m.—Impressions  
6 p.m.—News  
6:30 —Tales From Reader's Digest  
6:35 —Chapel

Would you like to—  
... be a student and a "missionary" in a foreign university?  
... travel around the world visiting Europe, the Holy Land, Africa, India, Thailand, Mission Fields, Japan?  
... enhance your education and broaden the scope of your understanding of world problems?

... promote understanding and friendship between American democracy and the new democracy of India?

## WBE Benefits Student

The World Brotherhood Exchange Student Program makes all these possible, according to Pastor Herman Diers, college chaplain.

Purpose of the WBE Student Program is to provide an opportunity for qualified Christian college students to share their faith with fellow students in other countries.

Eligible to participate in 1962 are students who have completed their junior year of college and met certain requirements.

## Students Get Oriented

Prior to departure for India, all students selected for this program will be required to attend the WBE four-week orientation school to be given at California Lutheran College, Thousand Oaks, Cal., June 18 to July 18.

The curriculum includes classes in Communism, Hinduism, Buddhism, culture and his-

tory of India, review of U. S. history, government, literature and Christian truths, all geared to better equip the student for rapport with students of India particularly.

## English Is Medium

Language will be no barrier, as the medium of instruction in

the universities of India is English.

Students will be under the direction of WBE advisers and counselors who will accompany them from the time of their arrival at the orientation school until their return to the United States the following year.

## Math Lecturer To Visit

Dr. Jim Douglas Jr., professor of mathematics at Rice University, will give three visiting lectures in mathematics Feb. 19 and 20, according to Dean J. O. Chellevold.

At 3 p. m. Feb. 19 he will speak on "The Mathematician in Industry" in Room 102, Luther Hall. At 7:30 p. m. he will address the Science Club on the topic "Programming a Computer."

At 3 p. m. Feb. 20 his topic will be "Mathematical Programming and Functional Equations." This presentation will be largely for teachers and college juniors and seniors who are majoring in mathematics.

Professor Douglas is a graduate from the University of Texas in 1946 with a degree in civil engineering. He received his Ph. D. in mathematics in 1952 from Rice Institute. He was employed by the Humble Oil and Refining Company from 1952 until 1957 when he returned to Rice.

His research interests are in

numerical analysis, partial differential equations and petroleum engineering.

## Hutson Selected As Frosh Prexy

Dave Hutson leads a new slate of freshman class officers which was chosen last Thursday night.

Hutson, who comes from Sibley, Ill., was elected president. Others picked were Len Ackermann, Waverly, vice president; Kathryn Schroder, West Union, secretary; and Maxine Bauer, Jesup, treasurer. Senators elected were Harold Shudlick, Rice Lake, Wis.; Kathy Peterson, Park Forest, Ill.; and Harold Meiers, Appleton, Wis.

Ackermann and Miss Bauer retained their old positions while Hutson moved up to the presidency after being a senator. Randy Marsb, Robbins, Ill., was frosh president first semester.

## Bomhoff Assumes Duties As New Ass't President

A SMILING MERRITT Bomhoff moves into a new Wartburg role.

Pastor Merritt Bomhoff recently began his duties as Assistant to the President for Public Relations and Development.

Coming from Flanagan, Ill., he was pastor of St. John's Lutheran Church for eight and one-half years. Pastor Bomhoff is a 1935 graduate of Wartburg and a 1938 graduate of Wartburg Seminary at Dubuque. He also had a parish in Miller, South Dakota.

Prior to serving as pastor at Flanagan, Pastor Bomhoff was Public Relations and Development Director at Wartburg Seminary at Dubuque and he served on the Wartburg College Board of Regents from 1946-52.

Pastor and Mrs. Bomhoff met each other while they were both attending Wartburg. They are the parents of three children. Herb, the oldest son, is a senior here; Beverly is a senior in high school, completing her year at Flanagan; and John is now in the fifth grade at St. Paul's.

Duties of the new position are two-fold. First and of special emphasis is his dealing in the area of development in large gifts, estate planning, bequests and wills. Secondly, he is co-ordinator of the departments of Development, Admissions, Alumni and News Bureau.

## Career Counselor To Be Here Fri.

Mrs. Ethel C. Sherman, career counselor, will be on campus next Friday at 9 a. m.

She will interview seniors for positions with Jewel Tea Co., Barrington, Ill.; Formfit Co., Chicago; Smithcraft, Columbus Junction; and United States Gypsum Co., Chicago.

Anyone interested in applying for these positions should contact James Moniz, Economics Department, in Room 103, Old Main for an appointment.

## Space And Faith To Close Series

Dr. Clifford Hanson, chairman of the Philosophy Department, will conclude the current convo series on astronomy Tuesday with an address on the relationships between advances in space and our religious faith.

His topic "Space and Theology" will include the discussion of such questions as the whereabouts of God, heaven and Christ and the infinity of space.

## Summer Jobs Abundant

### By Lois Piotter

Although summer may seem like a long way off, it is not too early to start thinking about that important summer job.

Many opportunities are arising to serve Christ and the Church this summer, according to Pastor Herman Diers, college chaplain.

### Camp Workers Needed

Last Tuesday and Wednesday Ray Johnson was on campus from the Youth Department Headquarters of the American Lutheran Church to recruit interested college men for the youth ministry work camps. Each summer a growing number of students in all sections of the world have decided to enter into this program.

A team of Parish Mission Builders has brought new life to many seemingly dead congregations. All expenses will be paid by the Church and seven dollars a week will be supplied for incidental expenses.

### Some Will Be In Mexico

Between 15 and 20 of those participating in the youth ministry program will work at the work camp for mentally retarded in Columbus, Ohio, and 15 American students will work in and near Mexico City.

Another opportunity offered to 166 seminary and college students throughout the country is work in the national parks of the United States. The National Council of Churches of Christ sponsors the program on behalf of its 33 constituent denominations.

In 1961 no student earned less than \$200 for 3 months, and many earned more than \$500 plus room and board.

### Students Try Ecumenicity

The Ecumenical Voluntary

Service program provides yet another opportunity for summer employment. Students from different denominations form a community of their own and this year will be working in California, New York and Missouri.

The student is required to pay travel expenses in getting to the site of work. Any further details are available from Pastor Diers.

## Wis. Parents Meet First

A Wartburg "first" took place January 21 when an area meeting of the Wartburg Parents Club was held in Wausau, Wis.

Attending the meeting were about fifty parents of Wartburg students within a 100-mile radius around Wausau. Prospective students and their parents were also invited to the gathering.

Mr. and Mrs. Lester Wachholz of Wausau, co-chairmen of Wartburg Parents, organized and directed the day's activities. Held at St. Stephen Lutheran Church and Parish House, the day began with church services with Pastor Martin Ackermann, Wartburg's Development Director, speaking.

A buffet luncheon was held at noon followed by a get-acquainted period at 2 p. m. In the afternoon's agenda Pastor Ackermann displayed poster photographs of the campus and showed slides and discussed college activities and curriculums. Pastor Ackermann an-

### Bible Camps Want Students

Bible camps throughout the Midwest are looking for college students to work this summer. A representative from the Riverside Bible Camp in Story City will be here Feb. 26 to interview any interested students.

Counselors will be paid \$30 a week and provided with transportation, room and board. Again, additional information may be secured from Pastor Diers.

answered questions the parents asked concerning phases of Wartburg.

Wartburg Parents group was organized last year and a Parents' Weekend was held last fall. This area meeting was another new innovation.

# IM Action Reopens With Eight Games Grossmann III, Clinton Base. Leaders

By Curt Sylvester  
Eight games were played this week as intramural action was resumed after the semester break. Four games were played in each league.

Clinton Basement kept its hold on first place in the National League by defeating Grossmann I, 65-51. Duane Huth had 24 points for the winners. North Hall B, led by Larry Platte's 18 points, edged out a tough Off-Campus D team by a score of 60-58.

### Hrubetz, Hanson Lead

In another close game Roger Hrubetz scored 15 points to lead the Grossmann II forces to a 55-53 win over Off-Campus A. Clinton I defeated Clinton III, 50-33. John Hanson was the high scorer of the game, with 16 points for Clinton I.

Grossmann III knocked Alpha-Ketha out of first place and took sole possession of the American League lead in one of the four games played in that league Thursday evening. The rapidly rising Grossmann III team won by a score of 58-47, being led by Dave Shalkhauser's 18 points.

### Second Place Jammed

Although Married Men had the high scorer of the game in Bill Riggle with 16 points, the team lost to Grossmann Basement, 65-54. The win moved the Grossmann team into a five-way tie for second place in the league.

Clinton II defeated Cotta 51-47, despite an 18-point performance by Larry Anderson of Cotta. Don Schulz scored 16 points in a losing cause as the North Hall A team lost to Off-Campus C by a 47-42 margin.

IT'S THE BATTLE for the ball as frosh basketball coach John Kurtt tries to out-tip sophomore John Groh in IM basketball action.

## Wrestling Action Will Start Soon

Intramural wrestling sign-up sheets have been posted in the men's residences and the Student Union. Students from off-campus who are interested should contact Jim Ward or sign up in the Union.

According to Ward, the wrestling will be in nine weight divisions. Wrestlers will not be on teams but will wrestle individually. Each weight division champion will receive a trophy and his residence will be awarded 10 points toward the participation award.

The deadline for signing up is Feb. 8 and competition will begin the following week. Intramural basketball players are eligible since there will be no conflicts in scheduling the two sports, said Ward.

# Trackmen Start Work; Knighties Prove Brawn

By Paul Baumgarten

Now is the time for all good men to come to the aid of the party.

Having accomplished my warmup we can proceed into the more or less business at hand.

Baumgarten

New things are of note this time. The Knight cindermen started practice earlier in the week. If this seems a bit extreme, they have a meet in exactly one month at SCL. This is the same day on which the final games of the basketball season will be played.

For those of you who don't know it yet, the newest thing on the Wartburg athletic scene is John Jay Jaspers who first put in an appearance on Jan. 11. The gossip which I dredged from the lowest part of the locker room hinted that he has as good a hook as his father but will be handicapped because of a lack of papa's looks.

It seems as if Wartburg students are getting better in the brawn, as well as brain, department. On the basis of physical tests given in the frosh P.E. classes, the newest Knights are the best ever. Of further interest they are on, or above, the national norms for all events tested.

To pacify one of my friends who has been saying, "I told you so," according to the tests the Wartburg girls are also brawnier than the nation's average.

Earlier this week I went back into the Trumpet sports files to exactly ten years ago, Feb. 2, 1952. I found that the basketball team was leading the northern division of the Iowa Conference with a 3-1 record.

On the wrestling scene the Knight grapplers had just beaten Luther 16-13 to give them a 2-3 record for the season.

Just a week later the same sports page had an insignificant item stating that all of the first five and nine of the first ten Knight cagers achieved a 3-point average for the first semester.

In a later issue it was reported that the cagers finished on top of the northern division of the Iowa Conference. Two men were placed on the conference squad.

In closing, one more note from 1952. The athlete of the month for March was Merlyn Borchering, who was honored for breaking his nose on the trampoline.

# Knights Press BV But Lose By Point

**By Paul Mardorf**  
The Knights lost a heart-breaker to the Beavers of Buena Vista last night, 70-69.

The loss put the Knights deeper in the Iowa Conference standings with a 3-6 mark and also was only the second time in history that the Knights lost a Brotherhood Institute game. The first Institute loss was last year to Parsons.

**BV Now 9-1 In Conference**  
Buena Vista pushed its conference mark to 9-1 to keep on Parsons' heels. Tonight BV plays at Upper Iowa, the team Wartburg meets Monday night.

The Knights were impressive even in a losing cause. The game was a see-saw battle the whole way with neither team ever having a lead of over five points.

**Ahrens Gets Four Baskets**  
Especially impressive was the fact that the Knights held BV ace Jim Ahrens to a mere four field goals for the game. One of these came in the final seconds of play, though, and won the game for BV.

It was free throws, however, which proved fatal for the Knights. BV connected on 28 of 36 while the Knights hit on only 7 of 20.

The Knights scored 10 more field goals than the Beavers and had a 39-37 lead at the half.

**Free Throws Help Ahrens**  
Ahrens led all scorers with four field goals and 19 out of 21 from the free throw line for 27 points. Larry Dick followed with a 17-point total.

Freshman Bob Nielsen took the Knights' scoring honors for the second time this season with 16 points. Senior Bob Mueller and junior Dave Brunscheen finished the game with 14 and 10 points respectively.

**Knights Tip Dubuque**  
Last Tuesday night the Knights

won their third conference game of the year with an 80-77 victory over the University of Dubuque.

This game, also a close one, featured a balanced scoring attack by the Knights. Sophomore Ray Bye led with 18 points followed by sophomore Al Buening and freshman Dave Lange with 14 points each. Mueller was the fourth Knight in double figures with 12 points.

Wartburg					Buena Vista					
	fg	ft	ftm	Pts.		fg	ft	ftm	Pts.	
Lange	3	1	0	6	Ahrens	4	21	19	4	27
Shudlick	2	3	0	4	Wellens	3	2	1	3	7
Buening	2	0	0	4	Dick	6	8	5	4	17
Oehlerich	0	4	2	2	Hanson	3	3	2	2	8
Nielsen	7	3	2	16	Subbert	5	2	1	4	11
Borcharding	1	0	0	2	Theulen	0	0	0	1	0
Mueller	6	4	2	14						
Brunscheen	5	2	0	10

Parsons at Dubuque

JIM BORCHERDING SHOWS how to stop the nation's leading small college rebounder, BV's Jim Ahrens, in a not infrequent scene in last night's game. Who's stopping who is hard to tell, however. Guard Dave Langrock, incidentally, is the guy with the easy shot.

## Rival UIU Next In Sight

The Knights travel to Fayette Monday night to face rival Upper Iowa.

The Peacocks currently are in fifth place in the Iowa Conference race, and the Knights are in sixth.

Tonight the Peacocks play the Beavers of Buena Vista whom the Knights played last night.

**Dutton, Albers Scorers**  
Two of the Peacocks, sophomore Don Dutton and freshman Larry Albers, are leaders in the Iowa Conference scoring race. Dutton is second and Albers is third with 19.3 and 17.3 av-

erages respectively.

**Redmen Come To Battle**  
Saturday night the Redmen of Simpson invade Knights Gymnasium. At present, Simpson ranks fourth in the conference standings.

This year's Redmen squad has no outstanding stars as in the past. However, Barry Yount and Bob Hensley have been among the leaders for the Redmen, a squad which is young and should put up a good test for the Knights. Simpson dumped Wartburg 78-67 several weeks ago at Indianola.

## JAPANESE SPORT COMES TO WARTBURG

# Judo Enthusiasts Start Campus Club

**By John Stumme**  
Minimum effort — maximum efficiency. What a dream! But this is what happens in the "genteel art."

The genteel art, or judo, is not a bag of tricks, but an exacting, precise science based on the laws of physics.

**Judo, Grabs Hold Here**  
This difficult-to-learn, exacting scientific sport, which requires knowledge more than strength, is gaining a foothold at Wartburg. "Judoka" (judo enthusiast) Dave Rasmussen has finally found enough interest to initiate a judo club on campus.

Twelve male students, including "brown belt" holder Melvin Edelblute, joined together and formed Wartburg's Judo Club.

**Rasmussen Organizer**  
Rasmussen had his first encounter with judo in 1957 when an army buddy taught him some basic techniques. This first taste with the sport motivated him to try to start a club.

But his two attempts, one in junior college and one at Wartburg last year, were futile.

**Smallness Is Attribute**  
"The utilization of the principle of the level is used to the maximum," said Rasmussen. "The smaller you are, the greater the advantage. Usually the center of mass of a person is in the hips. The idea is to get his center of mass moving toward you."

"You then lower your mass and try to get his over yours. The farther you go down the greater the leverage," Rasmussen continued. "You don't need any strength to get your oppo-

nent off balance if you go about it correctly."

**Weaklings Can Do It**  
"No physical strength is used," agreed Edelblute, a freshman. "You use his weight to his disadvantage."

Talking with Rasmussen about judo, one can see the fondness he has for the sport.

"Judo is a fabulous sport," said Rasmussen. "It's the only sport that I can say I really enjoy. I've played baseball, tennis, basketball and other sports, but I've never found anything to equal judo."

**Judo Has Advantages**  
At the drop of a question, Rasmussen reeled off a long list of advantages for participating in judo.

"For one thing it is a true form of defense and protection that can't be taken away. The psychological aspect is high. It

gives one self-confidence to know that, if need be, he can handle someone bigger than himself.

"It's an exact scientific sport, better than wrestling because it gives a greater degree of self-control. It's harder to be relaxed than tense, like you are in wrestling."

**Academy Lures Edelblute**

As a hobby ("Some guys like basketball; I like judo"), "Judoka" Edelblute took a self-defense course at Midwest Ju-do Academy in Kansas City, Mo. For three years he practiced three or four nights a week.

The result was that by the time he entered Wartburg, he had won his "brown belt." To win this belt Edelblute said he had to perform 40 throws, 15 locks, 10 chokes and 5 presses. The "brown belt" is one class

below the "black belt," which designates the experts.

**Fight Game Cleaned Up**  
Nine years before Dr. James Naismith invented the American game of basketball, a Japanese doctor, Jigoro Kano, created a cleaned-up version of jujitsu. Jujitsu, which had been a self-defense weapon of the peasants in Japan's feudal days, had degenerated into a weapon for trouble-makers looking for fights.

Dr. Kano developed a more civilized and less brutal (unless need be) self-defense technique which he named judo. Four years later his "genteel art" was proven superior—when his judo students completely outclassed a group of jujitsu experts in a widely publicized national tournament.

**Judo Marks America**  
As basketball has made its imprint in Japan, judo has made its mark in America. It is estimated that 250,000 Americans are acquainted with the eastern world sport.

Judo academies like the one Edelblute attended are operating in all large cities. Many colleges and universities also have established clubs.

**New Subjects Wanted**

"If you feel you can spare a few hours a week and if you like a true challenge, join our club and then support it," appealed President Rasmussen.

Minimum effort — maximum efficiency. Yes, but only after tedious training.

"AND WHAT ARE you doing down there?" might be the question of Judo Club president Dave Rasmussen as he shows freshman Stanley Cornelius some fundamentals.

## Team Wins Third Meet

Coach Norm Johansen's matmen won their third dual meet in four tries last night by beating St. John's University, Collegeville, Minn., 17-14.

Junior Jim Mueller pinned his man with 15 seconds to go in the 137-pound match to provide the margin of difference. Wartburg won five of the nine matches as the 191-pound division was added to the usual eight classes.

Wartburg lost its first dual meet of the year last Saturday as the University of Dubuque nipped the Knight grapplers, 16-15.

Pins by junior Jim Mueller and freshman Len Ackermann and a decision win by sophomore Roger Damrow were not enough to offset Dubuque's one pin and three decisions.

This afternoon the Knights meet St. Cloud State College, St. Cloud, Minn. Johansen said that St. Cloud may be the toughest team Wartburg would wrestle all year.

# Brotherhood Institute Draws 425 Men

Approximately 425 Brotherhood men from 70 Iowa towns invaded Wartburg yesterday for a meeting of inspiration and education.

The gathering, the fifteenth annual Brotherhood Institute, was highlighted with speeches by Al Doerring, National Brotherhood Director, and Pastor E. S. Hjortland, Lutheran minister from Oak Park, Ill. The institute theme was "Jesus Christ: The Light of the World."

### Day Is Successful

"I believe the day can be classified as successful," said H. C. Engelbrecht, chairman of the Institute. "Everyone seemed to enjoy himself. Considering the threatening weather, we were happy that 425 came."

During the course of the day Wartburg's three musical groups, Wartburg Choir, Wartburg Band and Castle Singers, entertained the Brotherhood men.

### Doerring Speaks On Love

Doerring, speaking in the morning session, told the men the activities of the National Brotherhood. Basing his thoughts on John 12: 12-14, he said that works of love must be extended to all men.

Pastor Hjortland, who attended the third assembly of the World Council of Churches in New Delhi, India, last December, spoke on his trip and the values of the World Council. Two years ago he was Spiritual Emphasis Week speaker here.

## PERSONAL NOTES

# 2 Plan European Summer

**Editor's Note**—With the following the Trumpet begins a personals column which will appear intermittently. Included will be items of interest concerning students and faculty which are sometimes not worth a full story or which would otherwise get crowded out.

Apologies go to those in the past who had items worthy of print in a column such as this but did not get them run because the stories did not seem to have an appropriate place. Contributions are welcome.

Two Wartburg coeds will be spending the coming summer in Europe under the American Student Information Service program.

Elaine Melchert, junior from Maquoketa, will be working eight weeks in a resort in Germany and will tour Central Europe with a group of American college students for the remainder of the summer.

Janice Arndt, senior from Owatonna, Minn., will be taking the European and North African tour and will be traveling for two months. She will leave on June 16.

Mr. and Mrs. Fred Jaspers became the parents of a son, John Jay, on Jan. 11. Jaspers is head basketball coach.

Mrs. Merl Parr, wife of the chairman of the Wartburg Development Council, died Wednesday night. The funeral was to have been held at 3 this afternoon in the Congregational Church in Waterloo.

## CAUSERIE DE DIVERTISSEMENT

# Concert, Meetings, Play, Boobies Highlight Week

By Louise Loots

To begin the week on a mellow note, why not attend the Wartburg Community orchestra concert tomorrow night? Scheduled to begin at 8, it will be given in the Chapel-auditorium. This is just the thing for those of you who have beastly schedules this semester. "Music hath charms..."

Tuesday evening Warren Fegley of Lutheran Mutual will speak on "Careers in Insurance" at the BSA meeting at 7:30 in Wartburg Hall lounge. That sounds like an interesting meeting. Wonder if he could give me some insurance against flunking out of my career as a student?

Louise

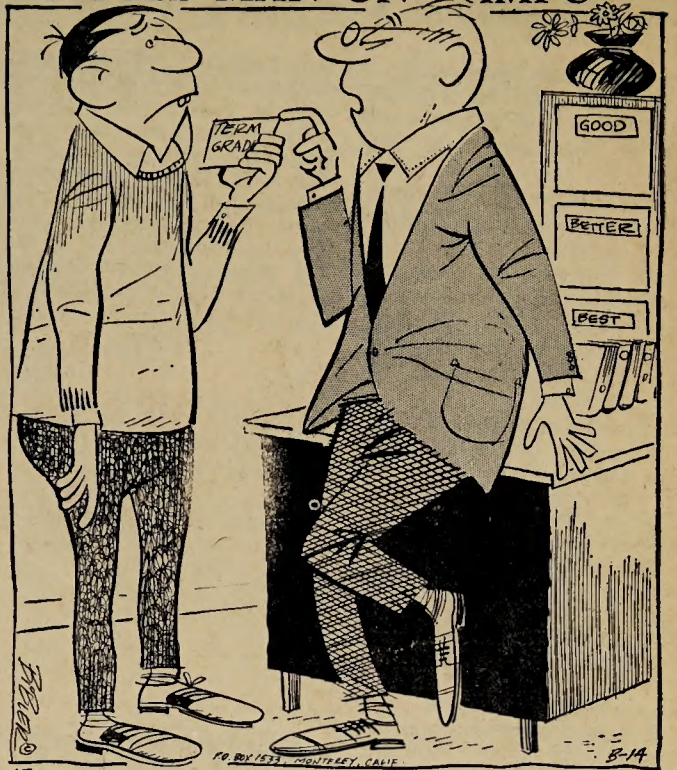

Also coming up next week is the presentation of the play "Antigone" in the Chapel-auditorium. Beginning each night at 8, it runs from Wednesday through Friday. Seems like I appreciate this play more since I have learned the correct pronunciation of its title. Being anti-anything I could understand, but anti-gone? Anyway, be sure not to miss it — it's a good play.

Scheduled for Wednesday evening are two club meetings. One of them is the Aviation Club, which will meet at 7:30 in the audio-visual room of the library. The other is Mission Fellowship, which will have as its guest speaker Dr. Herb Schaefer. Beginning at 7:30 the meeting will be held in the Clinton Hall lounge. All members and other interested students are urged to attend these meetings.

To all biology students: Since I can't report anything about your club this week I'll give you this item of information. Do you know what a boobee bug is? What? You're a biology student and you don't know what a boobee bug is? Well, it's a little bug that carefully sneaks up the hind leg of a bee and then says "Boo, Bee!"

Last of all, don't forget about Fun Night which is being sponsored tonight by the P.E. Club in Knights Gym. If you are there any time between 7:30 and 10:30, you are promised games, fun and refreshments — all for only 15 cents. You just can't hardly git nothing like that no more, no how.

## LITTLE MAN ON CAMPUS

"I'D RATHER YOU DIDN'T CREDIT ME AS 'GIVING' YOU THIS 'F' — YOU EARNED IT."

# 15 Get Mid-Year Degrees

Fifteen Wartburg students completed graduation requirements at the end of the first semester.

Those graduating with business administration degrees were Ronald Goodnight, Sterling, Ill.; George Roose, Clarksville; and Richard Timmer, Waverly.

### Three Take Math

Three Iowa students majored in math — Richard Kruger and Vernon Oberheu, Waverly, and Joanne Mammen Goetz, Merrill.

The same number of Iowans graduated with elementary education degrees. They were Mary Ann Happel, Dunkerton; Bonnie Jean Kleiss, Fredericksburg; and Marie Wilkins Timmer, Waverly.

Donald Goetz, Werner, N.D., majored in German and Meta

Fokkena, Waverly, graduated with a major in foreign languages.

### Two Have Doubles

Two Illinois students, Edward Schader, Chicago and Edward Knop, Streator, had double majors of english-sociology and sociology-history respectively.

Marilyn Rugroden, New Richland, Minn., graduated with a major in social work and Marlo Schnurstein, Waverly, fulfilled necessary requirements as a music major.

# Enrollment Up 32

Total enrollment for the second semester is now 1,026, according to Miss Mattie Harms, registrar. There are 984 full-time students and 42 part-time. This is an increase of 32 over second semester of last year. Registration will not be completed until February 12.

Dr. and Mrs. Edwin Sandberg recently attended the funeral of Mrs. Sandberg's father in Yankton, S. D.

The wedding of Marilyn Rugroden, January graduate from New Richland, Minn., and Pearce Konold, senior from Ocheyedan, was to have taken place this afternoon at 2 in New Richland.

Don Hughes, freshman from Peoria, Ill., was called home during the week due to a serious heart attack of his father. Hughes has one of the leads in the coming play, "Antigone."

Wedding bells rang for one instructor during the holidays. Miss Judith Krause, Biology Department, became the bride of James Halamka, Des Moines, on Dec. 26. They were married in Danforth Chapel by Pastor E. A. Schick.

Another student engagement has been announced. Betty Baumann, sophomore from Watertown, Wis., became engaged to Bill Bell of Wabash, Ind., Jan. 6. They plan to marry in June.

Dr. Elmer W. Hertel will represent Wartburg at the 19th annual meeting of the American Association of Basic Science Boards. The association will meet at the Palmer House in Chicago Feb. 3.

Dr. Hertel will be chairman of a panel discussion on "The Six Basic Disciplines and Their Role in the Education and Practice of Three Healing Arts."
